PERSONAL STATEMENT:

I am honored and excited to have the opportunity to run for the Columbus Bar Association Board of Governors. As a member of this vibrant legal profession, it would be a privilege to serve and contribute to the growth and development of our association. Throughout my modest legal career, the CBA has been a constant source of support and guidance. I began my membership with the CBA as a law student in 2014 and currently serve as its Law Student Professional Development Network Chair, and I am committed to giving back to the community that has given me so much.

If elected to the Board of Governors, I pledge to advocate for the interests of our members. Specifically, I am committed to:

1. Fostering a diverse and inclusive community: A diverse legal community that accepts people of all backgrounds is necessary to foster innovation and excellence in the practice of law. The CBA must be a welcoming place for all members.
2. Enhancing professional development opportunities: It is important for legal professionals to remain abreast of emerging trends and best practices through ongoing education and training. I will support initiatives that provide members with access to high quality professional development opportunities, including continuing legal education, programs, and mentorship.

If elected to the Board of Governors, I will serve the interests of our association and continue to advance the values that unite us as legal professionals. I humbly ask for your vote and pledge to represent you with integrity, dedication, and passion.
