Faxing With Your MultiFunction:

This is the old-fashioned way of doing it.

Internet Faxing Options:

This is what we'd recommend for your faxing needs. If you get the scanner we recommend, there is no reason to buy an old-fashioned fax machine. Options for this include:

1. **Myfax:** www.myfax.com - pricing shown below. Toll free number and faxes are emailed as PDFs attached to email.

Fax Software for your PC:

If you have a fax modem in your computer and a phone line you can plug in, then you can fax directly from your PC with special software that works with your fax modem. However, I wouldn't recommend using this. The Internet faxing options mentioned previously provide more flexibility.
